Small Group Discussion:

- How have you traditionally celebrated Advent? In what ways has it been enriching? How could your remembrance go deeper, lifting your perspective to something more eternal?

- Advent is a celebration of waiting. In what areas have you been impatient? What lessons is God teaching you about patience?

- What areas of life are you longing for things to be made right? Be honest and put into words what your heart desires most.

- What difference does the coming of Jesus, and his life, death and resurrection make? How do these beliefs impact the areas you still long for?

- Do you see yourself as child of God or just as a valued servant in His house? What is holding you back?

- Take a few minutes, several times a day to list small things to be thankful for. How do these things reveal God is really with you? What do they say about how God is at work in your life?
